

RAIZE

**Powerful,
Sophisticated and
fun to drive.**

The Toyota Raize is an instantly recognizable, fun-to-drive compact SUV for those with active lifestyles; complete with compact body and excellent visibility which enables impressive maneuverability.

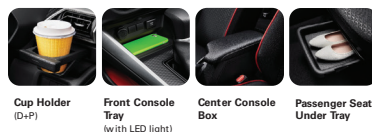

Compact Comfort. The versatile, spacious and well-appointed cabin provides ample couple distance, head clearance and is equipped with generous luggage space for daily and recreational use.

Safety and Security. Built with the passenger in mind, the cabin is designed with six air bags for enhanced protection, while the frame uses high-tensile-strength material for increased rigidity.

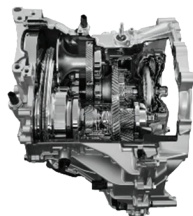

Full-color LCD: Impressive, state-of-the-art appearance. Complete with Intuitive Multi-Information Display and four driver-selectable display themes.

Ample Storage. Size, shape and location of each space is designed for maximum versatility. Here are a few prime storage areas.

**Smooth and
supple ride.**

Newly developed engines and Continuously Variable Transaxle (CVT) provide responsive and smooth 'as desired' performance for greater driving pleasure.

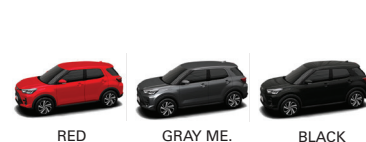

Newly developed CVT realizes excellent fuel efficiency and quietness. The new split gear enables wider gear ratio range compared to typical CVT, while offering powerful and smooth acceleration at low speeds; and quiet and efficient acceleration at high speeds.

Engines. The all-new Toyota Raize is equipped with two engine options - a newly developed 1.2L naturally aspirated engine and a 1.0L turbocharged engine. The 1.0L turbo offers a low-end torque equivalent to a 1.5-liter-class engine for powerful, smooth acceleration.
